- All guests should be registered at least 15 minutes prior to play.
- Practice is not permitted on the course. A professional practice facility is available for your enjoyment.

Pace of Play

It is our goal to have all guests average 15 minutes per hole, completing a round in four and one-half hours. Starters and player assistants are available to support you. As a courtesy to all players, University Ridge personnel are authorized to remove slower players from the course. Please respect the game and honor your fellow players by maintaining a proper pace.
